## EDUCATION

### 2017-2018

Intermediate(Science), SGRR Public School, Srinagar Garhwal

### 2019-2022

Bachelor Of Science - Mathematics, HNB Garhwal University, Srinagar Garhwal

### 2023-2025

Masters in Computer Applications – Data Science, Gautam Buddha University, Greater Noida

## CERTIFICATION

Python and Django - 6 months of certification Course done from Training Basket, Noida 62.

## PROJECTS

### Word Counter Application:

It is basically a simple word counter application that I developed using Python in which we have to enter a sentence and the outcome will generate information like the total number of words, the total number of uppercase and lowercase letters, special symbols, etc.

### Employee Management System:

It is basically a simple employee information management project that I developed using Python. The feature allows you to store and manage essential information about each employee, such as personal details, contact information, job title, department, salary information, etc. I integrated SQLite to store all the information that is entered from the GUI.

## SKILLS

- PYTHON
- DJANGO
- HTML
- CSS
- BOOTSTRAP
- MySQL
- C
- C++
- MS Excel

## STRENGTHS

- Adaptability
- Self-motivated
- Positive Attitude
- Problem-Solving
- Teamwork
- Punctuality
